Nelson Poynter Memorial Library, "Collection assessment : College of Education, USFSP, 2011" (2011). *All-Library Collection Assessments*. 5.

http://digital.usfsp.edu/npml_collection_assessments/5

This Other is brought to you for free and open access by the Library Assessment Reports, Summaries, and Misc Reports at Digital USFSP. It has been accepted for inclusion in All-Library Collection Assessments by an authorized administrator of Digital USFSP.

The Nelson Poynter Memorial Library physically located at the University of South Florida St. Petersburg (USFSP), houses an extensive collection of materials that support the educational, research, and service missions of USF St. Petersburg. USF St. Petersburg faculty, staff, and student have on-site access to the Poynter Library's collection of over 238,881 items, including monographs, current periodical and serial subscriptions, newspaper subscriptions, and audiovisual titles.

Specifically in support of the USFSP College of Education, the Nelson Poynter Library holds 13,067 monographic titles (Library of Congress "L" classification for education) with an additional 31,177 monographic titles in education subjects across disciplines (such as Education resources relating to Mathematics and Science classified under "QA"). The media center within the Nelson Poynter Library houses a collection of 8,093 juvenile books and contains an instructional materials collection, consisting of 777 items, that supports student teaching interns in their classrooms. The Poynter Library media collection offers 137 video tapes and DVDs in the L classification. College of Education faculty members may place materials for class reserves either through traditional or electronic course reserve services.

The shared electronic resources of the libraries of the USF System are available at all times, except for brief system maintenance. Currently, the USF Tampa Libraries, on behalf of all libraries within the USF System, subscribe to over 800 proprietary databases including ERIC (available through Cambridge Scientific Abstracts, WilsonWeb, and the U.S. Government), WilsonWeb's Education Full Text and Education Index Retro, EBSCO's Academic Search Premier, Web of Science, and Proquest Dissertations and Theses Full Text; over 26,000 electronic journals including packages from the leading publishers including Elsevier, Taylor & Francis, Wiley, Springer, Sage, Oxford University Press, University of Chicago, Cambridge University Press and all collections from JSTOR; full-text electronic journals via the USF online system including *American Journal of Education*, *Child Development*, *Educational Leadership and Administration*, *Educational Researcher*, *Journal of Educational Measurement*, *Journal of Leadership Education*, *Learning Disability Quarterly*, *The Phi Delta Kappan*, *Reading Research*

Quarterly, The Reading Teacher, etc.; and over 582,659 electronic books including the latest imprints to historical volumes from the British Library. The collection represents purchased eBooks from such collections as NetLibrary, Ebrary, Springer, ProQuest, Gale, Readex, and Palgrave MacMillan. Additionally, USFSP faculty and students can access over 830 education documentaries and instruction videos available online through streaming media from such prestigious studios as the Annenberg Media Collection. All of these resources are available remotely to currently affiliated USF students, faculty, and staff through the use of NetID or an authenticated server.

USFSP faculty, staff, and students also have efficient interlibrary loan access or in-person borrowing privileges to resources of all libraries of the USF System as well as resources help by other local institutions of higher learning through a series of formal agreements. In addition to sharing resources with other libraries in the USF System, USF St. Petersburg's Poynter Library is a member of Lyrasis, a full member of the Florida Library Information Network (FLIN), and the Tampa Bay Library Consortium (TBLC). Through participation in these networks, student and faculty borrow materials freely within the state, throughout the United States, and when possible, internationally. Courier service expedites interlibrary loan borrowing and lending, and Ariel technologies provide desktop delivery of digitized articles.
