News for Faculty and Staff at USF St. Petersburg

Dean's Corner
by Bill Heller

Campus is taking shape

I hope you are noticing the many changes taking place on campus with the additional lighting, curb work and landscaping. And the new Poynter Library is really beginning to take shape! When you get the chance, give our grounds crew a big thanks. They do a great job in keeping this a beautiful place to work and learn.

The Williams House is now here beside the Perry Snell residence. While a lot of people helped make these two homes part of the campus, I want to express special appreciation to

Jim Schnur. Jim did the historical work on both houses for our preservation grant request, which led to a #5 ranking out of more than 100 applications. Thanks, Jim!

Now that our peninsula is reopened for campus use, one of our most beautiful spots is at the point of the peninsula in front of the older marine science building. We hope to add a picnic table or other amenities, and we plan to hold some campus functions there, too. I urge you to take a look at this scenic spot and enjoy!

- **Don't forget to recycle**

Even though the library parking lot is under construction, the recycling bins are still available for newspapers, aluminum cans and plastic bottles. Also, thanks to a new arrangement with the City of St. Petersburg, you can recycle glossy magazines and Post-it notes in addition to your usual paper recycling. Everyone should have a yellow recycling basket at their desks; if you don't, call Physical Plant (9134).

- **Hop aboard the shuttle**

Eating lunch downtown is now easier with the Central Avenue Shuttle. PSTA buses run every 15 minutes from 11 a.m. to 2:30 p.m. weekdays, and each trip costs only 25 cents. Call PSTA at 530-9911 for details.
