Utilities Personnel Aid USF

In Saving $144,000

USF has saved approximately $144,000 in electricity and natural gas costs over the past two years while improving heating and cooling services because of special efforts by USF Utilities Department personnel, headed by H. L. Hickok, superintendent.

Shortly after his transfer from the Utilities Department of Florida Technological University to USF in July, 1970, Hickok discovered that campus buildings were not being efficiently cooled or heated and undertook an in-depth study of the campus utilities system.

He found that the system had been originally designed to serve a much larger campus and that mechanical installations had been made in the distribution system to reduce heating and cooling flows to the amounts needed then by the small number of buildings. As the campus population and buildings increased, these adapters caused inadequate control pressure differentials between the supply and return systems.

By removing the out-dated mechanical adapters, implementing a sound maintenance program in the department, and making modifications to the central plant's piping systems, Mr. Hickok has increased heating and cooling flows at a significant savings to the University. He and his staff also have plans to further assist the department in providing necessary utilities services at minimum costs to the University.

Vice President for Administration A. C. Hartley said: "Mr. Hickok's efforts and accomplishments represent the outstanding service to the State of Florida and to USF which is rendered by members of the Career Service staff. Mr. Hickok and members of his staff are to be commended for their continuing success in providing utility services to the University at the lowest possible cost."

From the Board of Regents "Memo," Dec. 11, 1972...

"Florida's insured student loan program is getting underway with the acceptance of student applications for the 1972-73 academic year.

"Financial aid directors at Florida colleges and universities have been notified by W. W. Wharton, Administrator of Scholarships and Loans for the Department of Education, that applications are now being accepted and funds may be made available for disbursement in late January or early February."

(More information is available in the "Memo" which is on file in the Special Collections Room of the Library or from the Office of Financial Aids.)

USF Enrollment

Of USF's total September 1972 enrollment of 18,988, the Tampa Campus has 16,753 students, the St. Petersburg Campus has 1,440, and 795 students are enrolled in Continuing Education courses off campus. Some 400 USF students are black, and 250 are students from other countries. The new College of Medicine currently has 40 students.

Other general characteristics about the student body: freshmen and sophomores comprise 6,078 students or 32%; juniors and seniors 9,052 or 48.6%; beginning graduate students 1,632 or 8.6%; advanced graduate students 143 or .0075%; Florida-resident students 17,403 or 91.6%; part-time students 4,323 or 23%; off-campus residents 16,359 or 86%; on-campus residents 2,629 or 14%; men students 10,896 or 57%; women students 8,092 or 43%; 20 years of age or older 14,781 or 78%.

HAPPY HOLIDAYS!!
USFers on T.V.

The holiday season is full of TV appearances of USF faculty and administrators. Beginning tomorrow morning at 6:30, the dean of the Bay campus, Dr. Lester Tuttle, will be on WFLA's (8) George Michelle Show along with Dr. John Houseman, vice president for Academic Programs at Hillsborough Community College. The two will talk about dual enrollment at USF and HCC.

Dr. James F. Strange of Religious Studies will participate in a Christmas Special on WLCY-TV (10) Sunday, Christmas Eve. The program is called "Sunday," and is on at 6 p.m. It will feature a historical look at the first Christmas from the points of view of various religious scholars. Dr. Strange will talk about his archeological findings in Palestine.

The George Michelle Show on Christmas morning will feature Joe Tomaino, director of Alumni Services, who will outline USF's first Homecoming and the week of related activities.

Tomaino will again promote the Homecoming activities on WLCY's Russ Byrd Show at 8 a.m. on Thursday, Jan. 4.

Dr. Charles Arnade, chairman of International Studies, and L. J. Baht also of International Studies will be on WTWT's (13) College Kaleidoscope program Saturday, Jan. 6, at 2:30 p.m. Arnade and Baht will discuss the political situation in India, Pakistan and Bangladesh from their particular viewpoints.

The series of holiday TV appearances will be rounded out with a third on Homecoming by Alumni Services' Joe Tomaino, this time on Channel 13's Breakfast Beat show between 6 and 7 a.m., Monday, Jan. 8.

"From Atoms to Stars," USF's winter planetarium program, will begin Jan. 7 at the Planetarium.

Presentations will be made each Sunday at 2:30 p.m. during January and February. Reservations are necessary and may be made by calling ext. 2580.

* * * Photographs On Display * * *

"Photographs by American Masters," a circulating exhibition of 59 photographs by important American photographers, will be on display Jan. 4-Feb. 13 in the USF Library Gallery.

The exhibition, sponsored by USF's Florida Center for the Arts, was organized by Alan DuBois, assistant director of the St. Petersburg Museum of Fine Arts, with a matching grant from the National Endowment for the Arts and with support of the Fine Arts Council of Florida.

The free exhibition may be viewed Mondays through Saturdays, 10 a.m.-1 p.m. and 2-5 p.m. and Sundays, 1-5 p.m.

* * * Keep CIC Informed * * *

Planners and organizers of conferences, seminars and other gatherings on campus are requested to inform the Campus Information Center (CIC) of the time, place and estimated number of participants. (CIC ext. 2235.)

Visitors unfamiliar with the campus stop at the CIC and ask for information and parking permits.

So that campus visitors can be directed to the area of the conference, etc., and so that they can obtain parking permits, the CIC must have the above-mentioned information.

Faculty, administrators and students driving to campus in other than their normal car with a USF parking decal MUST report to the University Police Station for a temporary permit. The Campus Information Center issues permits ONLY to campus visitors.
