#### HAB Presents Invisible Children

Invisible Children is a non-profit organization trying to raise awareness for the ongoing war in Africa involving the Lord's Resistance Army (LRA), which abducts children from their homes and turns them into child soldiers and forced to fight against their own people and government. IC sends teams of speakers all throughout the country sharing stories of those impacted by the struggle. After the success of last year's event, we are glad to welcome the IC road team back to USF- St. Petersburg.

We believe that this is a great opportunity to engage our community and to raise awareness about a truly important situation that is still happening in our world. We hope that you join us for this memorable occasion that will undoubtedly change your life.

For information, please feel free to contact [jrparker@mail.usf.edu](mailto:jrparker@mail.usf.edu) or visit <http://www.invisiblechildren.com/>
