University of South Florida.
BOR Grants Tenure to 55 Profs

Fifty-five University of South Florida professors were granted tenure by the Florida Board of Regents July 25 following their nomination by USF President Cecil Mackey.

Tenure is considered to be permanent status as a university professor. A minimum of five years service is normally required before a professor is eligible for tenure and he or she must achieve this status to remain more than seven years as a member of the faculty. Faculty service at other universities can be transferred for eligibility in some cases.

Fifty-five University of South Florida professors were granted tenure by the Florida Board of Regents July 25 following their nomination by USF President Cecil Mackey.

Tenure is considered to be permanent status as a university professor. A minimum of five years service is normally required before a professor is eligible for tenure and he or she must achieve this status to remain more than seven years as a member of the faculty. Faculty service at other universities can be transferred for eligibility in some cases.

The professors granted tenure, and the Colleges in which they teach at USF are:

- College of Business: John Carmichael, Rosella James.
- College of Engineering: Melvin Anderson, Norman Small.
- College of Fine Arts: Alfred Golding, Vance Jennings, Donald Kneuberg.
- College of Medicine: Lewis Barness, Herschel Sidransky.
- Academic Affairs: Anthony Jonaitis.

MORE BOR INFORMATION IN NEXT WEEK'S INTERCOM

Mackey Announces A & P Award

An annual $500 award recognizing the member of USF's administrative and professional staff who has contributed most significantly to the University's goals and mission was announced Monday by President Cecil Mackey.

The announcement was made during the president's reception for the A & P staff in his private dining room in University Center. About 50 attended the reception at which Dr. Mackey discussed informally a number of employment benefits which will be sought from the State Legislature next year. These will include the tax sheltering of pension contributions, five-year pension vesting and improved survivor benefits, he said.

The A & P award, which will include an engraved plaque in addition to the $500, will be matched in the near future with an annual award for career service employees.

Dr. Mackey said the award announced Monday would be broadly interpreted to recognize contributions to the University, fellow employees and the community in general. The winner will be picked from among a group nominated by vice presidents and other top administrators by a Staff Award Committee which will recommend three candidates to the president for final selection.

Beeman Named Director St. Pete Student Services

Dan Beeman has been appointed director of student services for USF's Bay campus in St. Petersburg effective Aug. 6.

Beeman, who has been an adviser in student organizations on the Tampa campus for the past year, will replace Dr. Wayne Hoffman, who resigned to join the Eckerd College staff in June.

A veteran of the U.S. Air Force Band, Beeman has been at USF since 1968 as an undergraduate student in music education, a graduate student in humanities and a staff member. He served as veterans' adviser for one quarter and was on the staff of Tampa's New Place for two years.

WELCOME NEWCOMERS

INTERCOM wishes a sincere "welcome" to the following new USF employees whose names have been provided by Personnel Services and the Office of the Vice President for Academic Affairs:

SYCOM SPONSORS PROGRAM

"Event/Complex 3a, b," a free, informal program of demonstrations and conversations about electronic music, is scheduled for 8-10 p.m. July 26 and 27 in the basement of the Theatre Center at USF. Visitors may enter and leave at any time during the program. Refreshments will be served.

Presented by SYCOM (Systems Complex for the Studio and Performing Arts), "Event/Complex 3a, b" will enable visitors to examine and play two Moog synthesizers, stereo and four channel tape machines and other equipment in the SYCOM studios.

UPWARD BOUND GETS GRANT

USF's Project Upward Bound has received a grant of $156,373 from the Department of Health, Education and Welfare (HEW), according to director Richard Pride. The money will be used to continue the program which attempts to meet the educational needs of disadvantaged students in area high schools.

An additional $55,000 was requested by Pride and an increase of students in the program from 100 to 130. HEW granted both requests.

The USF project recruits students from high schools in Hillsborough, Manatee, Polk and Sarasota counties.

Programs, activities and facilities of the University of South Florida are available to all on a non-discrimination basis, without regard to race, color, creed, religion, sex, age or national origin. The University is an affirmative action Equal Opportunity Employer.

INTERCOM is an official publication of the University of South Florida, designed for USF faculty and staff members. It is published weekly by the staff and student assistants of the USF Office of Information Services, ADM 190.

This public document was promulgated at an annual cost of $8,150.74 or $.055 per copy to provide information to the community of the University of South Florida.

William Ferreira (med., instr. comm.) attended the Biocommunications '73 Symposium in Richmond, Va., July 8-11.

Robert W. Wolff (theatre) recently assumed general editorship of "Recent Publications on Theatre Architecture," a serial bibliography of international publications. Prof. Wolff's publication, "Selected and Annotated Bibliography: And Other Sources of Information for Architects and Other Members of Theatre Planning Teams," will be presented to the OISTT Conference in July at Avignon, France.

Gladya Kashin (lang.-lit., hum.) is exhibiting 20 works from the Everglades series of paintings, serigraphs and collages at the Tampa Public Library, July 1-31.
