This News Article is brought to you for free and open access by the University History: Campus Publications at Digital USFSP. It has been accepted for inclusion in Inside USF by an authorized administrator of Digital USFSP.
Today's INTERCOM format is somewhat different than previous issues due in large part to the impending summer break. Thompson currently is assistant vice president for administrative affairs.

The busy and dangerous intersection of W. Holly and 30th St. (across from the Veterans Hospital) should have a traffic light by Sept. 1 according to Bruce Downs, District Traffic Operations Engineer. A delay in installation was caused when a shortage of concrete poles developed.

"The company has given us a commitment for a delivery in mid-August," Downs said. "We should have the light installed and in operation by Sept. 1."
