Noted Dance Group To Visit Campus For Oct. Performance

The highly acclaimed Twyla Tharp Dance Foundation, Inc., will present two dance concerts at USF Oct. 2 and 3, in the University Theatre at 8:30 p.m. General admission to each performance is $4. Student admission (other than USF students) is $2. Tickets are on sale at the Theatre Box Office (974-2323 weekdays).

The Oct. 2 program at USF will open with "Country Dances," which had its premiere performance in Scotland earlier this month (Sept. 4, 1976). It includes such down-home music as "Texas Quickstep" (by the Hired Hands), "Cracklin' Hen and Rooster Too" (by the Skillet Lickers) and "Alabama Jubilee" (Hired Hands).

Two other Tharp Works, "Sue's Leg" (called "The finest jazz choreography of our time" by "New Yorker") and "From Hither and Yon," will be performed. The latter contains excerpts from a dozen other Tharp pieces, from her first work "Tank Dive" (1965) to the 1976 choreography "Give and Take."

In the Oct. 3 concert, "Country Dances" will be repeated; the other selections are "The Fugue" (1970), which has been termed a transition or cornerstone work for the choreographer, and "Eight Jelly Rolls," another jazz-oriented piece created in 1971. It is performed to a musical backdrop of Jelly Roll Morton tunes, from "Black Bottom Stomp" to "Smoke House Blues."

The concerts are part of a one-week residence, during which time the dance troupe will present lecture/demonstration and master classes in the area.

Baseball Program Gets Lights But Loses Winning Coach

USF will get lights and grandstand for its baseball complex, but has lost its baseball coach. George Steinbrenner, owner of the New York Yankees, told USF officials he will provide lights for the baseball complex for night games. The University also confirmed its commitment to build a 1,200 seat grandstand to give USF one of the finest playing facilities in the south. Dr. Richard Bowers, athletic director, said this would be a great boost to the baseball program. The night games will give students, faculty, staff and Tampa fans the opportunity to see the team in action after classes and working hours.

USF also announced that head baseball coach Jack Butterfield has accepted a position with the New York Yankees. He will be administrative head for the Florida Instructional League team, director of player operations for minor league training, in charge of southeast scouting and evaluation, and major league scouting and draft work.

In his two-year stint with the Brahman Bulls, his teams have won 61 games against 24 losses bringing his lifetime record to 296-189. Last year, Butterfield led the Brahman to a 33-12 school record, and a 29-12 mark his first year.

Pres. Smith On TV To Address Faculty

President Wm. Reece Smith, Jr. will be the guest of Channel 13's "Insight" program tomorrow at 4 p.m. Next week President Smith will address the faculty on Wednesday, Sept. 29 at 2 p.m. in the TAT. Earlier that day he will host a luncheon for new faculty members. The time will be 12:15 p.m. in the UC Ballroom.

A reception honoring new faculty and the interim president will be held at 3 p.m., also in the UC Ballroom.

BOR To Select Ft. Myers Site at October Meeting

The Board of Regents Facilities Committee is expected to make a formal recommendation on a site for USF's Fort Myers Campus at the Oct. 1 meeting of the Board in Gainesville.

A public meeting on the site was held Sept. 22 in Fort Myers by members of the Facilities Committee. BOR action on a site selection had been scheduled at the Board meeting last Friday in Miami.

At that time, however, the committee recommended and the Board agreed to defer a decision on the site selection until after the public meeting Wednesday.

The University has received a dozen offers for its Fort Myers Campus and has recommended a 55-acre site adjacent to Edison Junior College as its first choice and a 62-acre tract just west of Fort Myers and north of Caloosahatchee River as its second choice.

Facilities Committee chairman Fred Parker said last week in Miami that the committee expected to recommend a Fort Myers site on Oct. 1 and bring it to the full Board then.

In other actions of USF interest last Friday, the BOR:

• Passed a resolution commending Dr. Donn Smith for his "significant contribution to Florida's medical program as the founding dean of the (USF) College of Medicine and Director of the Medical Center."

Employes Get Student Privileges

Full student privileges are now available to faculty and staff members who utilize the tuition fee waiver and are enrolled in seven or more hours of course work per quarter, according to a recent announcement by Dr. Joe Howell, vice president of student affairs.

Faculty and staff taking seven or more hours may now receive a regular student ID in Educational Resources and have that ID validated by the Cashier's Office. A validated ID entitles the bearer to student privileges such as free admission to campus movies and discounts on various items.

Faculty and staff who choose to register for courses without utilizing the tuition fee waiver are also eligible for full student privileges and a student ID.

**ANNOUNCEMENTS** (Cont. from Page 2)

Fulbright-Hays Opportunities Abroad - Remaining Openings for 1977-78. The Council for International Exchange of Scholars has announced remaining openings in the Senior Scholar, Younger Scholar, and Soviet programs - a list is available in the Division of Sponsored Research, LET 107, ext. 2897.

BOR Has Busy Meeting

- Approved 39 state-related research projects totaling $1.3 million, including six totaling $138,810 to USF. The University's programs will be directed by Dr. George Stelnine (economics). Dr. Richard LaBarba (psychology), Dr. Frank Sistrunk (psychology) and Dr. William A. Smith (engineering).
- Deferred consideration of 14 proposed rules involving state university personnel until the BOR's November meeting in Jacksonville.

The Board endorsed Chancellor E.T. York's recommendation for the creation of a Commission on the Future of Florida's Higher Education. The commission, he said, will be asked to review major issues facing public higher education and recommend ways to resolve them. He said the commission will include representatives of the executive and legislative branches of government, faculty, students, labor, civic and business groups and private citizens.

Board Chairman Marshall Criser reported that the representatives of the Board of Regents and the United Faculty of Florida have reached tentative agreement on a two-year collective bargaining contract. The agreement, he said, came after almost five months of negotiations and represented the fruits of the good faith bargaining efforts by both sides. He said he was "pleased to report formally that the process of ratifications of the proposed contract has been initiated. Until the members of the bargaining unit have ratified the tentative agreement," he added, "I will have no further comment on it and request that all representatives of management in the SUS refrain from commenting on it."

**Payroll Schedule For USF Employees**

In order to convert to the State Comptroller's payroll cycle, the following payroll distribution schedules will be followed for USF employees:

**SALARIED EMPLOYEES**

(Faculty, A & P, Career Service)

**Pay Check Distribution**

Mini-Courses To Begin In St. Pete

Several non-credit mini-courses will begin next week on the St. Petersburg Campus and are open to all USF students, faculty and staff. Three of the courses--basic canoeing, basic sailing and jazz--are also open to the public. Some courses are free, others have a nominal charge to cover expenses.

The courses are beginning, intermediate and advanced swimming; French; German; basic Red Cross; sailing and canoeing; Red Cross advanced lifesaving; dance exercise; photography; jazz; self-defense for women; beginning karate and ballet exercises.

For more information, contact the USFSCC Student Activities Office, ext. 253.

LSAT, GRE Classes Start Next Week

Noncredit courses in verbal and math preparation for the GRE (Graduate Record Examination), LSAT (Law School Admission Test), and medical and dental school admission tests will begin next week.

Courses offered include "Careers In the Field of Law," "Business and Professional Speaking," "Writing Skills Development," and "Career Development For Adults." For more information, contact the Center for Continuing Education, FAO 105, ext. 2403.

V. P. Thompson Leaves USF To Accept Texas Tech Post

Kenneth W. Thompson, vice president for administration since 1973, has resigned to accept a position of vice president for administrative affairs at Texas Tech University effective in mid-October.

Thompson, 34, has been a member of the USF staff since 1971 when he was appointed vice president for administration. Prior to that he had been director of computer systems at Florida State.

He holds a M.A. degree in education administration from USF and a B.A. in linguistics from Capital University in Ohio.

In his new position at Texas Tech, Thompson will be responsible for accounting and finance, purchasing and contracting, internal auditing, payroll, accounts payable, inventory, and financial and management reports.

President Reece Smith said that Thompson is "a talented young administrator who has made many significant contributions to USF over the past few years. I regret his leaving the University and the State System. At the same time, I understand the opportunities the new position in Texas represents to him and wish the very best for him and his family."

Thompson said he "enjoyed the lasting personal and professional relationships" during his tenure at USF. He noted, however, that "no small factor in my decision was the opportunity to work in higher education in a state which provides for my children greater opportunity based on a commitment to quality education."

New Appointees In Business College

College of Business Dean Robert G. Cox has announced the following appointments:
Charles A. McIntosh, Jr., has been appointed associate dean and director of graduate studies;
John P. Cooke has been appointed acting chairperson of the economics department;
Peter Kares has been appointed acting chairperson of the finance department.

Programs, activities and facilities of the University of South Florida are available to all on a non-discriminatory basis, without regard to race, color, creed, religion, sex, age or national origin. The University is an affirmative action Equal Opportunity Employer.

INTERCOM is the official publication of the University of South Florida for use by the University to inform faculty and staff of announcements and other matters of general interest. It is published weekly by the staff and student assistants of the USF Office of Information Services, ADM l90.

This public document was promulgated at an annual cost of $10,702 or $.058 per copy to provide information to the community of the University of South Florida.
