Guarneri's To Receive Honorary Degree June 24

The members of the renowned Guarneri String Quartet--Arnold Steinhardt, John Balley, Michael Tree and Davis Seyer--will receive honorary Doctor of Fine Arts degrees from USF on June 24, in recognition of their contribution to music and their service to the University.

Presentation will be made in the University Theatre, during intermission of the Quartet's second concert of the Summer Chamber Music Series.

Conferring the degrees on behalf of the University will be President Cecil Mackey, Vice President for Academic Affairs Carl Riggs, and Dean of the College of Fine Arts Donald Saff.

This summer's Chamber Music Series marks the fifth consecutive year in which the world-famous ensemble has returned to the USF campus, both to concertize and to teach.

In past years, the Quartet has held lecture/demonstrations and master classes, as well as concerts and open rehearsals, affording student and community musicians the rare opportunity of learning from a quartet of artists whose work was described as "pure gold" by the "New York Times."

This year, the Quartet will conduct open rehearsals in the University Theatre from 2-5 p.m. on June 22, 23 and 25. They are free to the public.

For the Summer Chamber Music Series, which is sponsored by the Florida Center for the Arts at USF, the Quartet will present three concerts, featuring the works of Mozart, Bartok and Beethoven, on June 22, 24 and 26 in the University Theatre.
