Alumni Banquet To Honor Distinguished Graduates

Twenty USF graduates will be singled out for honors on Nov. 30 at a special banquet marking the close of the university's year-long 20th Anniversary Observance.

Selection of those to receive Distinguished Alumni Awards will be made by a committee of charter members of the USF faculty and staff by Nov. 15.

All USF degree holders are eligible for the awards, and nominations are open to USF faculty, staff and students, as well as the general public.

Qualified graduates include those who have been there from the first two decades of growth and development.

USF To Compete In Canoe Competition At Riverfront

A race featuring concrete canoes from several southern universities will take place at the Hillsborough River Oct. 23 beginning at 4 p.m. at the University of South Florida Riverfront Property where Fletcher Ave. crosses the River. The public is invited to watch the race.

Some 10 canoes, powered by engineering students who have built them, are expected to participate in the 1½ mile race. The USF Student Chapter of the American Society of Civil Engineers, in cooperation with the American Concrete Institute, is sponsoring the event, the first to be held in Tampa.

The canoes are made by students of civil engineering or naval architecture and are made of hydraulic cement over steel frames. They cannot exceed 14 feet and must not be wider than 3 feet. In comparison to traditional canoes, which average about 50-60 pounds, the concrete canoes may weigh from about 180 to 500 pounds and still float, according to engineering student Martha Kopp of USF. They are also less expensive to build than traditional canoes, costing only about $40 each.

In addition to USF, teams from Auburn, Louisiana State and the University of Florida will be among those participating.

Campus Early Registration Dates Set

Early registration for the USF Winter Quarter has been set for late October or early November on the Tampa, St. Petersburg, Sarasota and Fort Myers campuses. Nov. 1 is the last day to apply for admission for Quarter II. Classes begin Jan. 5 and run through Mar. 16.

Early registration for the various campuses is as follows:

- Tampa—Late registration will continue through Jan. 31.
- ST PETERSBURG—Late registration dates for Quarter II are Oct. 25-29 in ADM 296 (except for engineering students in ENG 106 and nursing students in MSN 103), and 4:30-6:30 p.m. Oct. 28 in ADM 296 (ENG 106 for engineering students, no evening registration for nursing students). Continuing students, former students returning and new students who have received letters of acceptance for the winter term may register by appointment during early registration.
