Search Committee Selected

The USF Presidential Advisory Search Committee held its first meeting on campus last month.

Appointed by Regent Chester Ferguson to the committee are: Chancellor E.T. York, chairman; Dr. Helen Popovitch, vice chairman, representing the Faculty Senate; Ray King, representing the A&P Council; Don Gifford, representing the Career Service Senate; Yvonne Berry, representing Student Government; Ted Gibson, representing the USF Council of Advisors; Helen Ferguson to the board of advisors; Don Dunn, representing the USF Foundation, and John Bussman, resource person from the Chancellor's office.

The committee plans to place advertisements in various educational publications during the early part of January with a cut-off date for receipt of applications around March 1.

"Nominations are open to everyone," stressed Chancellor York. "We want to encourage maximum input."

York said he hopes the committee can forward recommendations to the BOR Selection Committee between May 15 and June 1.

"We anticipate up to 300 applicants," said York.

"After several screening processes we hope to have at least five candidates to recommend to the Board and, hopefully, a selection will be made by Sept. 1."

Interim President Reece Smith has indicated he will serve no longer than Sept. 1.

Another meeting of the search committee is scheduled for Monday at 3 p.m. in ADM 252.

Censorship Forum Features Cleaver, Writers, Educators

"Censorship in the Public Schools: "Who Shall Decide?" will be the topic Jan. 14-15 of a free, public forum to be held at the St. Petersburg Campus to explore the issues of school book censorship.

Noted writers and educators, including controversial poet, sociologist and historian Eldridge Cleaver, will be among speakers scheduled from 10:30 a.m.-noon and 1:30-5:30 p.m. Jan. 14 and 3:30-5 p.m. and 7:30-9:30 p.m. Jan. 15 in the USFSPC Auditorium. Cleaver will also be a guest at a reception/question and answer period on the Tampa Campus from 1-2:30 p.m. Jan. 15 in the University Center Ballroom, Room 248.

USF is sponsoring the censorship forum through a $12,284 grant from the Florida Endowment for the Humanities to conference co-directors Dr. Lawrence R. Broer of English and Dr. Herb Karl of education.

The directors expect the conference will provide an opportunity to examine the processes by which a community can determine what its children shall read in schools, and when and where censorship of school books is for or against the public interest. They hope the forum will lead the way to more harmonious clarification of these issues in controversies, such as those which plagued the Pinellas County School system in recent years.

Council of Deans: Most Colleges Accept ROTC for Elective Credit

Most colleges will accept courses in military science (ROTC) for free elective credit, beginning this quarter. The decision was made by the Council of Deans in December.

Whether to accept ROTC courses and the number of credits allowed is up to each college, but only one, Engineering, will not accept any MIS credits.

"Engineering must maintain a tight curriculum for accreditation purposes. They can't allow electives from any outside area," Maj. Stu Harrington, ROTC coordinator said.

The College of Arts and Letters will accept six hours of MIS courses, the College of Nursing, four hours, and all other colleges will accept 12 hours for free elective credit.

ROTC is offered to USF students on both the Tampa and St. Petersburg campuses in cooperation with the University of St. Petersburg. Anyone interested in learning more about ROTC should contact Maj. Harrington in Tampa at ext. 4065, or Maj. Dennis Hodson at St. Petersburg ext. 304.

Post BOR Luncheon Scheduled

Pres. Smith will lunch and chat with interested faculty and staff at noon, Mon., Jan. 10 in the Argos Staff Cafeteria. The Jan. 7 Board of Regents meeting will be the topic of conversation. The luncheon is dutch and no reservations are required.

3 Outstanding Employees Honored

The fourth annual awards for outstanding staff employees were presented Dec. 13 by President Reece Smith at the all-University Christmas Party.

The awards, each of which includes a $500 check, were presented to Ray King, Outstanding Administrative and Professional Employee; Mary Frances Waugh, Outstanding Career Service Supervisory Employee; and Jack King, Outstanding Career Service Non-Supervisory Employee.

Ray King, director of housing since 1965, joined the USF staff as director of student organizations in 1963. He earned a master's degree at Columbia University and prior to joining USF, he taught at Adelphi Business School.

Mrs. Waugh, an administrative assistant in the Division of Finance and Accounting, has been with USF since 1964. She is active in the Forest Hills Methodist Church and a member of the USF Women's Club.

Jack King is manager of the labs in the College of Social and Behavioral Sciences. A former construction superintendent at WTVT-Channel 13, he came to work at USF in 1968. A winner of a State Award, King has been the subject of several newspaper articles and has published many articles in technical and scientific publications.

The name of each winner will be engraved on a permanent plaque located in the Library.
