Homecoming Parade will have two presidents as grand marshals

For the first time, this year's USF Homecoming Parade will have two marshals — and both will be USF presidents.

John Lot Brown, who will step down as President of USF on Feb. 15, and Francis T. Borkowski, who will succeed Brown, will share the chores during the annual parade which is scheduled for 3 p.m. Feb. 13. They will be sharing the honor with their wives, Katie Brown and Kay Borkowski.

The parade will begin at the parking lot of the Theatre, continue past the reviewing stand in front of the University Center, past the dormitories and around toward the Sun Dome. It will conclude in front of the College of Business Administration, where Brown and Borkowski will descend from their floats.

The annual Bullroast will be held on the lawn in front of the Business Administration Building, beginning at 5 p.m. Both presidents and their wives will attend.

The Homecoming King and Queen, who will be riding in the parade on the USF float, will also attend the Bullroast, along with the members of their court.

A fireworks display is scheduled for 7 p.m. at the conclusion of the Bullroast, followed by the USF-UUniversity of South Alabama basketball game in the Sun Dome. The theme for this year's dance will follow the theme of the Homecoming celebration. -'Take a Walk on the Wild Side.' The event will feature the sounds of the band, Tampa refreshments, dance contests and deejays.

The Saturday schedule concludes a week of exciting Homecoming activities, beginning on Feb. 6, with the Dean's Class Run held by the College of Education. This 5K and one mile run will feature more than 100 prizes. Registration is $8 prior to race day and $8 on the day of the event, and includes an official Dean's Classic T-shirt. Information contact Pete Lawrence at 974-0234.

A three-day alumni baseball weekend begins with the Annual USF baseball Major League Celebrity Golf tournament on Friday, Feb. 5 at 11 a.m. at the USF golf course. Entry fee is $100, which includes greens fee; cart fee; beverages. The tournament is open to the public.

Friday evening a casual get-together will be held at the golf course, to which all golfers and spectators are invited.

Saturday, Feb. 6 is the Annual USF Alumni Baseball Game at 2 p.m. at Red McEwen Field. The game is free and open to the public.

At 7 p.m. Saturday the Baseball Alumni Dinner will take place in the Green and Gold Room at the Sun Dome. This will also include a preview of the 1988 Baseball.

On Sunday, Feb. 7 at 1 p.m. the Basbults take on Division II runner-up University of Tampa at Red McEwen Field. At 12:30, immediately preceding the game, a ceremony will be held to rename Rosewood Boulevard, which will now be called Bull Run. The unveiling of the new signs at the baseball field will take place at the conclusion of the ceremony, just prior to the start of the game. Admission to the game is free to students and to alumni and their families and $2 to everyone else.

For further information on these events contact USF Baseball Coach Eddie Carlier at 974-3105.

The USF Alumni Association will hold its annual golf tournament Feb. 13 and 14 at the USF golf course. It will be a two-

man best-ball event, with teams flighted after the first round. No handicaps will be used. There will be a 9 a.m. shotgun start each day.

Entry fee is $50 per person, which includes the luncheon on Sunday, the concluding day of the tournament. Merchandise prizes for each flight will be awarded at the luncheon.

Proceeds will be used to benefit the USF Alumni Association's scholarship programs.

The tournament is open to the public. For further information, contact USF golf coach Bob Shiver at 974-2071.

The College of Business Administration will host its Second Annual Business Leaders Conference on Friday, Feb. 12 at 8 a.m. Guest speaker at the opening sessions will be State Sen. John Grant, who will speak on "Florida Business Climate - Legislative Outlook." The luncheon speaker will be Ray Hines, editor of the Wall Street Generalist, whose topic will be "Perspective 1988: Forecast for the Economy, Interest Rates and the Market."

Name changes at Lifelong Learning

The names of two divisions in the School of Extended Studies and Learning Technologies have been changed. The Board of Regents extended Bachelor of Independent Studies Extended Degree Program to a statewide offering. It is now referred to formally as the State University System's System Extended Degree Program (Bachelor of Independent Studies), and informally as the SUS Extended Degree Program (BIS). The Weekend College now has the overall title of the Division of Special Programs. Within that division there are two units. The off-campus and weekend credit courses of the former Weekend College are now called programs for Adult Credit Education (PACE). The other unit is Travel-Study Programs, which offers credit courses in conjunction with foreign travel.

Several sessions will be offered simultaneously on a variety of business topics. Subjects will include: "Preparing a Business Plan for Financing Small Business," "Retirement Planning Under the New Tax Law," and "Personal Finance and Information Systems and Their Implications in the 1980s." Seminar leaders will consist of college faculty, alumni and business leaders in the community.

The event is open to the public. Registration fee is $25 and includes the continental breakfast and the closing luncheon.

The deadline for registration is Feb. 8. For further information contact Richard T. Bowers at 974-4281.

New USF retiree will ride in the Annual Homecoming Parade on Friday, Feb. 12, at 4 p.m. at a "Back to the 60's" Watch Party.

The event, to be held in the Green and Gold Room at the Sun Dome, is sponsored by THUSFAR, the USF Association of Retired Faculty and Staff. USF alumni who graduated in the '60s will also be saluted.

Additional information on all Homecoming activities will be displayed, including the first official USF flag, the original edition of theCharacteristic, the running shoes of John Allen, USF's first president. There will be a slide presentation and musical program will be provided by the Red Hot Profs, a band composed of early USF faculty and staff members.

According to Joe Tomaino, staff advisor for THUSFAR and director of the USF Annual Fund, this is the first year the University has sponsored such an event. Approximately 3,000 people are expected to attend.

The event is free and open to all USF faculty and staff. For further information contact Joe Tomaino at 974-2651.

Other Homecoming activities include the UCAB fashion show in the University Center Ballroom on Wednesday, Feb. 10, at 7 p.m., led by the Student Union Alumni Association of Retired Faculty and Staff. USF Ambassadors Reunion on Sunday, Feb. 14.

Additional information on all Homecoming activities can be obtained from the USF Alumni Association office at 974-4380.

USF's first post-doctoral fellowship established

A gift of $100,000 to the College of Medicine from Dr. Martin Silbiger and his wife Ruth has established USF's first post-doctoral fellowship.

Silbiger, a professor in the College of Medicine and chief of the oncology service at Moffit Cancer Center, and his wife donated the money to establish the Evelyn and Alfred Silbiger Fellowship in Cancer Research.

The fellowship is named for Dr. Silbiger's parents.

The state of Florida provided an additional $50,000 from its trust fund for major gifts.

The new fellowship, to be based at Moffit, will support a research fellow in basic or clinical science. Silbiger said the fellow will be a young scien-
