PICNIC * LUNCHEON

The STUDENT ACTIVITIES COUNCIL will sponsor a fried chicken picnic luncheon on Thursday, February 19. Students, faculty, and staff can feast on various foods between 11:00 and 1:00 in the Auditorium in Building A. Chicken, salads, relishes, rolls, dessert and beverage will be served. The event is absolutely FREE and will feature SURPRISE GUEST entertainment.

Students interested in joining the newly-formed Psychology Club can obtain information as to application at a special table maintained by Jane House at the PICNIC LUNCHEON.

Film Classics Series

An American film, NOTHING BUT A MAN, will be presented on March 3&4 as part of the Student Activities Council's FILM CLASSIC SERIES. The compelling drama of a young Negro couple trying to live with dignity in a small southern town today is a widely acclaimed prize winner. NOTHING BUT A MAN was directed by Michael Roemer and casts Ivan Dixon, Abbey Lincoln, Gloria Foster and Julius Harris in the title roles.

"The material is so strong, so central to everything that contemporary American film-making should be about, that it keeps your eyes open from start to finish.

—Philip Chamberlin, FILM SOCIETY REVIEW

FACT FINDER

Do you have any questions about USF? Are you stumped by some strange phenomena that you simply cannot find enough information on to satisfy your query? FACT FINDER, a weekly feature of USESP BULLETIN, will attempt to solve such riddles and problems that are deposited, vocally or written in the Student Activities Office in Building B.

How can a student obtain financial aid on the USFSP Campus?

There is no Financial Aids Office on this campus however, students are provided with the necessary applications and information by Mrs. Sheffield. Application forms for loans, scholarships, work scholarships, and CSP are all available in her office--Rm. 130, Building A. Students interested in obtaining a particular type of financial aid should contact Mrs. Sheffield. FACT FINDER researchers have discovered that many students have been saved an unnecessary trip to Tampa through her assistance.

SANDER VANOCUR's discussion, "Government in Media" scheduled on the Tampa Campus has been postponed until March 4 at 8:00 p.m. Vanocur had to cancel his previous appearance date due to illness. He will speak in the Gym.

USFSP BOOKSTORE will send all textbooks back to Tampa on March 4. All students still needing texts should procure these before this date.

Have you noticed the XEROX machine in the Library?

MILTON FRIEDMAN, professor of Economics at the University of Chicago, will offer a free lecture on February 21 at 2:30 at Florida Presbyterian College. He is a columnist for Newsweek Magazine and does research for the National Bureau of Economic Research. Friedman has authored many books, notably, Monetary Policies.

A British naval vessel, the MOHAWK, will dock on the SP Campus Bay coast on Friday, February 20. She will grace our coast as a companion for the RENFREVILLE until Monday, February 23.

Watch for the installation of TYPEWRITERS and an ADDING MACHINE in Room 221-C, Building A.

(Note: Thursday, February 12, the Psychology Club in conjunction with the Student Activities Council presented Dr. Ted Machler as a guest lecturer on SP Campus. His topic was "Drugs.")

Dr. Ted Machler is not the typical man with a badge on the school stage asking, "Are there any questions on drugs?" Rather he is an AMA drop-out who came to the SP Campus to push reality. In August of 1969, he established a free clinic for drug users in Pinellas County. Unlike many, his slogan is not "Give me your almost well anyway."

By substituting Methadone for heroin, one girl went from a \$140-a-day habit to zero in twelve days. Of the forty heroin addicts who have voluntarily come to the clinic, one half have stayed clean, a remarkable rate of cure. Even sellers are treated as long as they stop selling and don't take the clinic's stuff and go "Go up" on their own.

Cigarettes are seen as a dangerous drug by Dr. Machler since they are physically addictive. Pot is not. Neither is acid. The problem is not one of addiction nor even organic damage, but of personality disorder. The continued use of drugs to escape reality and reduce anxiety is a symptom of deeper emotional problems.

The Sky Is Falling, a Universal Dream by Chicken Little, a typical white, upper-middle class, young acid user, exemplifies what happens when he got insights that he wasn't ready for by stating, "I got too far into my head and I didn't like it, Doc."

Dr. Machler sees a certain amount of anxiety as a pre-requisite for growth. A drug culture such as ours can lead to stagnation and decay. Dr. Machler is pushing something very heavy---getting naturally stoned and turning on to life.
