Deadline Extended For Transfer Applications

(St. Petersburg, Fla.) June 29, 2009 – Community college students in class this summer still have time to apply as transfer students to USF St. Petersburg. The deadline, extended until Aug. 1, makes it easy for summer students receiving their associate's degree to start the fall semester as juniors at USFSP.

Upper-level transfer students, those with an associate's degree or 60 transferable credits, can apply before their summer term ends and receive provisional admission to USFSP based on summer classes they expect to complete. Lower-level transfer students have a few more requirements, such as standardized test scores, needed for admission.

"At USF St. Petersburg transfer students will get one-on-one students services, small class sizes and the opportunity to work closely with professors who work as experts in their fields," said John Vassel, director of prospective student outreach. "Students should apply as soon as possible to complete the admission process, attend an orientation and have all their classes selected for the fall."
