**RE:** Meeting with Roy McTarnaghan

**DATE:** September 28, 1992

I and other SUS Directors are scheduled to meet with Vice Chancellor Roy McTarnaghan in October to discuss the following priorities for FCLA:

1. Journal citation databases
2. PC's to replace the old terminals
3. Electronic delivery of journal articles, including delivery from print sources (via Ariel?), articles at NERDC (from IAC or UMI), remote sources (CARL, FAXON, UMI, Citadel).

Please send me your confirmation of these priorities or proposed others. This is a meeting which may have major impact on the next several years of FCLA.
