Meeting convened at 10:05 a.m. Chair, Lewellyn Ippolitto opened the meeting by welcoming the directors and introducing Dorothy Whitlock, the newly elected representative from JWB. The minutes from the previous EPC meeting were approved as previously distributed.

The decision of the Activities Committee to eliminate the combined Holiday Party was discussed. Pros and cons were addressed. It was noted that each agency already has their own individual party, a combined party would take two afternoons away from their job. Jim Mills produced statistics showing 29% of CCC attended, 24% from M&FC, 42% from the License Board, 93% from Head Start, and 79% from JWB. He also pointed out that the few members on the Activities Committee are carrying the full load of putting the party together. The consensus of the directors was that though sad, the decision of the Activities Committee was a good and timely one. Dana gave a brief overview of the costs for putting on the holiday party and how much was taken from the JWB coffee fund, which pretty much depleted it for the time being.

Filling in for Walt Williams from the Human Resources Department was Karen Jensen from Coordinated Child Care regarding the Salary Classification Study of 26 positions. She reported that 15 state agencies said they would participate, however, only 9 actually did. The study has been completed and its data will be presented to Walt this Wednesday, March 20<sup>th</sup>. The data will be reviewed by the Directors who will make note of any budgetary implications and present the changes to the Board at its May meeting.

Regarding the Diversity Coordinator position. Jim Mills gave input that the top candidate wanted it to be a part time position, with full time wages. Mr. Mills said the committee is still in the process of going over other applications that had been received. The process is on-going.

During the open forum, Mr. Mills surfaced that there was a rumor going around that the Florida Retirement System was losing money because of the Enron situation. He pointed out that the loss to the FRS was approximately \$300 million which is a drop in the bucket considering there is approximately \$11 billion in the system.

The next general EPC meeting will be held April 15<sup>th</sup> at 11:00 a.m. in the Cabinet Room. The next combined meeting with the Directors will be held the third Monday in October, the 21<sup>st</sup>—holding times from 10 a.m.- Noon. The floor was opened to other suggestions or concerns. There being none, the meeting was adjourned at 10:38 a.m.
